Why not consider becoming a Working Volunteer?

Didcot Railway Centre is a microcosm of the Great Western Railway and like this great company it needs the help and support of many “workers” to ensure it can carry on recreating the golden age of the GWR. Like the GWR, Didcot Railway Centre needs the skills of many people in all walks of life and from all backgrounds to ensure we offer the best in class to our public and our members when they visit the Centre. So if you think that you can help in any way, no matter how small, then why not contact us for a Volunteer Induction. You will be shown behind the scenes and will see what really makes the Centre tick. Hopefully you will be enthused enough to consider becoming a working volunteer.

For those aged between 11 and 16 why not consider joining our Young Volunteers group. We usually meet once a month where you will enjoy the opportunity to work on various projects at Didcot with the aim to enjoy yourself and to learn skills that will be the envy of your friends. You never know - you could be our next steam engine driver!
