Notes The programme is based on the following assumptions:-

- |  |  |
|--|--|
| No of locos in works                       | 5 max                                    |
| No of locos in traffic on 8 Road (8R)      | 2 min from mid 2018                      |
| No of locos in traffic on Branch Line (BL) | 2 min from late 2018                     |
| Overhaul duration for small locos          | 3 years                                  |
| Overhaul duration for large locos          | 5 years                                  |
| Time in traffic                            | 2 periods of 9 years then static display |
| Adequate funding is available              |  |
